Apple Media Services:
Student Account Verification History

May 2019

File name

Student Account Verification History.csv

File description

This file contains a history of requests initiated by a user to a third-party verification service to verify their student account.

Why Apple keeps this information

Apple retains this information in order to verify that a user has a valid student account and to determine when the user's account requires reverification.

Field Name	Details
Apple ID Number	Apple account identification number
Student Verification Result	Whether the user's student account has been verified
Student Verification Date	The date and time on which the user's student account was verified
Country	Country associated with the account
Device Details	Information about the device type, operating system, and browser used to create the account
